

## There is a place for you at Predator Ridge

## 2008 TELUS World Skins Game

On June 16th and 17th, Predator Ridge played host to 10,000 spectators, sponsors, guests and homeowners over the two days of the 2008 TELUS World Skins Game. Canada's own Mike Weir joined internationally renowned golfers Greg Norman (Australia), Fred Couples (USA), Colin Montgomerie (Scotland), and Camilo Villegas (Colombia).

spectators and homeowners who were fortunate to get an up-close-and-personal glimpse of the popular player.

**Of course the real winner was BC Children's Hospital, which will receive \$250,000 as a result of the 2008 Skins game.**

Excitement was high from day one, when Greg Norman won a skin worth \$100,000 on the eighth hole—and immediately received a congratulatory hug and a kiss from his fiancé, tennis champion Chris Evert. That same day Fred Couples won a skin worth \$30,000, but the real action heated up on day two, when PGA newcomer, Camilo Villegas cashed in big, capturing all ten remaining skins for a total haul of \$230,000. Everyone loves a winner, and the handsome young Villegas caused quite a stir with female

Mike Weir

## Welcome to the Clubhouse

The newly renovated Clubhouse opened in May 2008, shortly before the 2008 TELUS World Skins Game. Renowned Vancouver-based interior designers, Seeton Shinkewski, preserved the exterior of the building but transformed the interior into a modern and comfortable setting that certainly isn't your traditional 'golfers clubhouse'. The new look has been extremely well received and very busy since opening, with the Terrace and the Lounge proving to be popular meeting places for post-round golfers, homeowners and resort guests.

This summer the Clubhouse has played host to a variety of events, including wine tastings and a celebrity chef event with "Sam the Cooking Guy". A wall of wine is a standout feature of the new Clubhouse.

**range** is the new premier steakhouse at the Clubhouse. Luxurious surroundings, excellent service and a perfectly cooked steak are the hallmarks of your dining experience at **range**. Our new Montague oven allows for precise and consistent cooking with extreme heat, delivering a steak which is cooked to perfection and in accordance with the wishes of the customer.
